KOMPETENCJE:

Social Youth Development, K.A.NE., is a non-governmental and non-profit organisation active in the fields of Education, Youth, Social Inclusion, Vocational Training and Culture. K.A.NE. was founded in 2008 in Kalamata, Greece. The organisation's main objectives are to foster youth motivation for active citizenship, and to support personal and professional development of people through educational activities, especially targeting people at risk or facing social exclusion, young people in general and adult/vet learners. Through its involvement in education, research, volunteerism, prevention and raising awareness, K.A.NE. has managed to achieve the following goals: - Support social vulnerable groups, provide them specialized services, educational interventions, as well as an holistic approach for a quality living - Development of innovative tools through the conduction of European Research projects and the creation of a network with other European Institutions - Training professionals in the field of education according to current needs - Cooperation with other entities, creation of a social network aiming to ensure constant development - Raising awareness of the community through educational and instructional events (conferences, seminars, workshops, festive events)

DOŚWIADCZENIE WE WSPÓLPRACY PONADNARODOWEJ:

K.A.NE. is managing EVS (Youth in Action & Erasmus+) projects since 2008. Thereafter K.A.NE. hosted directly or coordinated the projects of more than 350 EVS volunteers. Through the Lifelong learning program and the Erasmus+ Ka1 we sent and hosted more than 200 VET students. In parallel K.A.NE. is organising international training courses, seminars, youth exchanges, teachers' training, adult education training, in-service training and other learning and informational activities, mainly through Erasmus+, Europe for Citizens and funds received from international foundations. K.A.NE.'s R&D department is running Erasmus+ KA2 and KA3 projects. The last 3 years K.A.NE. managed 18 EU projects and was partner in 60 EU projects (Erasmus KA1, Ka2, Ka3 Europe for Citizens and other centralized calls).

KOMPETENCJE:

EUROSOZIAL is an association of 10 Parity Welfare Associations of social NGOs on the regional (Land) level and of the Federal Parity Welfare Association (more than 10 thousand member organizations) and is a member of both German Association for Public and Private Welfare and Network European Movement Germany. As a platform for co-operation between social NGOs from Germany, Poland and from other European countries EUROSOZIAL provides 1) exchange of information and experiences on the field of improvement of the structural conditions of the development of social NGOs 2) support in the establishment of international co-operations among social NGOs including consultancy in financing and project management 3) international pilot projects with regard to social, family, youth, disabled and senior citizen politics. At it a common basis is the principle of subsidiarity between state resp. local authorities and NGOs.

DOŚWIADCZENIE WE WSPÓLPRACY PONADNARODOWEJ:

EUROSOZIAL has been engaged direct – as a main partner or indirect – as a partner or adviser in 2-4 international projects each year. (Since 2004 till 2011: Verein für deutsch-polnische Zusammenarbeit im sozialen Bereich e. V./ Association for German-Polish Social Co-operation) In those projects organizations and institutions from Germany, Poland, Netherlands, France, Belarus and Russia were involved. The financing support for those projects was mainly EU Funding, the Public German TV-Lottery „Aktion Mensch“ or the German Federal Senior Found (Bundesaltenplan).

KOMPETENCJE:

We are an international training company, specialised in language teaching and teachers' further education. With our 5 branch in 5 different countries we host over 2000 teachers per year attending our short courses to improve their teaching skills. Our priorities are to design and deliver innovative courses for teachers, so to help them to keep the pace with a constantly evolving Education of nowadays. This means we can try to keep up, follow new trends and offer courses appropriate for the world we live in. We would like to share our knowledge in 2 important fields: 1. New and current trend of education, like ICT Tools for Educators, which help educators in being more effective, while saving a lot of preparation time for their courses. 2. Teachers' wellbeing: At Europass, we understand that teaching is a stressful job, which requires a great deal of patience, empathy and organization. Our Arts & Wellbeing courses aim to help teachers to focus on their own well-being in order to reduce stress, keep their motivation and have a healthy work-life balance.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

We have 10 years of experience in EU funded Projects. We have been partner in several Erasmus+ KA2 project, aimed at developing and disseminating innovative teaching methods. We also have experience with the former LLP program, having participated in Partnership under the subprograms Leonardo (for Vocational Education) Comenius (for School Education) and Grundtvig (for Adult Education). We have a larger experience as partner, but we also have experience as coordinators. In the period 2011 – 2013 we have coordinated a LDV Developing of Innovation project, with 6 partners from all over Europe.

ASPECT – Management and Intercultural Relations is a privat adult education and research organisation that was founded in 2010 in Plovdiv, Bulgaria ([www.aspectmir.eu](http://www.aspectmir.eu)). ASPECT-Management and Intercultural Relations portfolio comprises training, courses, seminars and meetings, specific project management and researches in the field of Entrepreneurship, Human Resources Development, Corporate Strategy, Sustainable Tourism Development and Intercultural Relations. It provides integrated consulting services regarding professional education and training, national subsidy schemes and EU subsidized programmes. ASPECT-Management and Intercultural Relations services primarily SMEs and assists them on organisational and operational projects by monitoring (project management) the resources and financial means to implement them. We develop Training Concepts and Peer Learning Models, in help of managers and other professionals to identify skills gaps and needs, identify future needs and ways to address them, methods to encourage collaboration and joint capacity-building. We focus on supporting adults for flexible and individual education and take measures to prevent them from giving up their studies. Our main purpose is to foster and strengthen the link between education and business, encourage entrepreneurship and boost intercultural competence. ASPECT-Management and Intercultural Relations creates strong connection between knowledge and learning economy frameworks and interest in clusters and networks. ASPECT-Management and Intercultural Relations is a member of Anna Lindh Foundation, Network for Intergenerational Learning and s.o The working philosophy of the company is built around the concept of gathering many great minds under a single roof. We have a competitive advantage due to its ever-expanding pool of associated experts who work hands-on to help companies solve strategic issues.

**ETN is composed of 6 training agencies, concerned with planning and management of European projects related to training and education. They all are the intermediary organisations in the framework of mobility projects financed by the Erasmus + Programme.**

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

**We host in our agency every year around 5.000 young students coming from all over Europe. Each agency offers a wide range of services: from advanced vocational orientation against the background of changing working environment to measures for the promotion of innovative approaches in Lifelong learning. They are for instance involved in several EU projects focused on motivation and enhancement of personal skills and competences developed through learning experiences abroad. They are engaged in consultancy activities for the development of the training/employment paths for young people by providing adequate methodological and procedural support to reconstruct the experiences carried out and the achieved learning results. They are involved in several EU project related to entrepreneurship and development of entrepreneurial mindset, creative thinking, language learning and cross cultural competences.**
